

e-VLBI Network Day: 20 October 2010, Perth:

- | | |
|---------|-----------------------------------------------------------------------------------------------------------------------------|
| 9:15am | Welcome, housekeeping |
| 9:30am | Keynote: "Optical Transport Innovations for High Capacity Networks" - Lorenzo Ghioni, Cisco Photonics, Italy |
| 10:30am | Morning Tea |
| 11:00am | "AARNet: Plans, Projects and Progress" - Ivan Philips and AARNet staff |
| 12:00pm | "Dynamic Networking for NEXPreS" - Paul Boven, Joint Institute for VLBI in Europe |
| 12:30pm | Lunch |
| 13:30pm | "Opto-VLSI-based broadband true-time delay generation for phased array beamformers" - Budi Juswardy, Edith Cowan University |
| 14:00pm | "The Network is the Telescope: An ASKAP Update" - Shaun Amy, CSIRO |
| 14:30pm | "The Pawsey High-Performance Computing Centre" - Guy Robinson, CSIRO |
| 15:00pm | Either: Speaker from the NBNCo or a Break/Afternoon Tea |
| 15:30pm | Panel Session: "When will Networks be SKA Capable" |
| 16:30pm | Close |
